- 6 Digital Instructions (DI)

Smart Factory

- 7 Smart Factory APIs

Analytics

- 8 ShopVue Analytics

A User-Friendly Modular MES Solution

ShopVue requires minimal manual entry while delivering maximum insight into operational efficiencies. It’s modular, so you only buy what you need, when you need it.

Flexible & Configurable

With more than 1,400 possible feature combinations, ShopVue is vendor-agnostic, and provides out-of-the-box interfaces to leading ERP, PLM, payroll, and other third-party systems.

Low Touch, High Efficiency

Built with the end-user in mind, ShopVue addresses the most critical questions about shop-floor activity with dashboards, real-time alerts, status updates, core reports, quality checks and more.

Secure

Role-based access, software upgrades, on-premises deployment, and ShopVue add-ons like employee certifications, and more, offer security features customers can trust.
